EDUCATION

Bauhaus Universität Weimar | ERASMUS

M.Sc Human-Computer Interaction

September 2019 - March 2020

Relevant coursework : Usability and testing engineering, Virtual Reality, Machine Learning

Université Paris-Est Marne-la-Vallée

Ingénieur IMAC (Image, Multimedia, Audiovisual, Communication)

September 2017 - September 2020

Relevant coursework : Web design, development Front-End, image synthesis, visual communication

Lycée François 1er, Le Havre

Classe préparatoire, MPSI - MP

September 2015 - September 2017

Two years intensiv courses in mathematics and physics preparing the admission in french engineers school.

WORK EXPERIENCE

Lynkware, Champs-sur-Marne

Web design and development internship

June 2019 - September 2019

Wireframing and designing web interfaces, programming a 3D library using Javascript and ThreeJS, logo designing, website integration using HTML, CSS and Javascript

ABOUT

Passionate about web design and development, I decided to study Human-Computer Interaction for one semester in Erasmus at Bauhaus University. I would like to apply my knowledge in UX design and development during an internship.

SKILLS

Designing: sketching • wireframe and prototyping with Figma, Photoshop and Illustrator • motion design with After Effect - User flows

Programming: HTML, CSS • Javascript • NodeJS • Python • C/C++ • Java • OpenGL

Speaking: French (Native) • English (TOEIC: 880) • German (B1)

INTEREST

Designing website • Cinema • Drawing and painting
